

PROFESSIONAL HOTEL BED

5-PRO R PLINTH 60 N

Product specification:

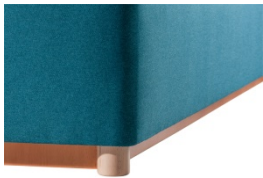

- Solid spruce construction with an integrated slatted plinth in the sleeping surface covered with non-slip fabric. To soften the contact surface, the lying surface is lined with PUR foam, and the sides are padded with fleece.
- The bed is characterised by its rounded corners.
- Option to choose gliders for easier handling.
- Load capacity up to 140 kg.
- 5-year warranty

Technical parameters:

- material: solid spruce construction with integrated slatted base
- upholstery fabrics according to the current offer in three price categories
- bed length: 200 cm
- bed width: 100 cm
- total bed height: 36 cm, side height 30 cm
- option to connect individual beds with fittings only for plinth 60 and plinth 60 N variants
